Duplex® International

SINCE 1982

MADE IN ITALY

340 DC-420 DC CORDLESS

LITHIUM-ION technology 48v

HYBRID

SUPER POWER

340-420 STEAM

340-420 STANDARD

3 IN 1

340 DC 420 DC CORDLESS

LITHIUM-ION technology 48v

HYBRID

Battery + **Mains cable** + **Steam**

- The Hybrid 3in1 is the unique system on the market.

- Transform in 30 seconds the battery Duplex into a Standard Duplex (mains cable) by just replacing the battery with the Hybrid box.

- Additionally, you can connect the Steam generator and transform the machine in a Steam machine.

LITHIUM-ION technology 48V

HYBRID

340 DC

420 DC

- **Unparalleled cleaning performance 800RPM + 30kg brush pressure + ultrabrush**
- **Two battery options (80 or 50 mins)**
- **Reduce handle weight tanks to the patent pending WRS system**
- **2-1 h quick charge**

WRS® Weight Reduction System

LITHIUM-ION technology

HYBRID technology

- The Hybrid box allows the machine to run with mains cable and Steam for non-sto working

PRO battery

- Up to 80 mins
- 2 hours charging time
- 48V superior power
- Quick battery change

LITE battery

- Up to 50 mins
- 1 hour charging time
- 48V superior power
- Quick battery change

UltraBrush

New brushes for deep cleaning, renovation and heavy duty applications

The new Ultrabrush used on the Battery machines will deliver unparalleled cleaning results

Ultrabrush Soft
(non abrasive)

Ultrabrush Med
(medium abrasive)

Ultrabrush Max
(high abrasive)

MULTI-PURPOSE

ANTI-SLIP FLOORING	SPORT FLOORING	LVT	ESCALATOR STEP
ENTRANCE MATTING	WOVEN VINYL	STONE	WOOD FLOORING
STUDDED RUBBER	TERRACOTTA	MARBLE	FLOTEX
LINOLEUM	HIGH PILE CARPET	CERAMIC	
		PVC	

ONE MACHINE, ALL FLOORS

Duplex machines are an "**ALL-IN-ONE**" solution for the user. One machine can work on all floors including ceramic, vinyl, wood, carpet, and many others.
One machine can provide daily maintenance, deep cleaning and restoring without the need of aggressive chemicals or special brushes.

MUST-HAVE MACHINE

- **Daily cleaning** Duplex machines are extremely easy to use so they can be used also for daily cleaning.
- **Deep cleaning** Duplex machines have high cleaning performances compared to others.
- **Renovation/Restoring** Many floors can be restored to original look thanks to the high cleaning performances without the need for heavy machines or additional specialized equipment).
- **Dirty water recovery** Duplex machines also recover dirty water resulting in 2x time saving compared to machines that need external recovery systems).
- **Extreme maneuverability** Duplex machines can
- be used with the same ease of a mop also on highly textured floors transforming heavy duty applications like carpet cleaning or stone floor renovation in a simple and effortless process.
