WILLMOP 35

The human side of cleaning

WILLMOP 35

Simplify your day: Go beyond in less time

Shops, hair salons, hospitals, schools, restaurants, gyms and any crowded places are faced with the task of achieving a deep and professional cleaning in the shortest time possible. It has to be carried out swiftly and with the minimum effort, without affecting the customers presence or business operations.

Thanks to the compact vertical scrubber-dryer WILLMOP 35, incredibly fast, professional cleaning in small and narrow spaces is attainable.

An impressive piece of equipment, that through its extreme maneuverability, agilely accompanies the operator's movements while providing the same power of larger machines.

WILLMOP 35 is designed to get the job done in a heartbeat! It's simplicity and ergonomic design, combined with the remarkable scrubbing and drying performances, will make the working task more enjoyable and inevitably make your day easier.

HOW IT WORKS

SCRUBBING PATH
37 cm

TANKS CAPACITY
3,3/3,5 l

COVERAGE PERFORMANCE
1400 m²/h

WORKING TIME
up to 70 min

Sensitive handle

With one hand you can perform all the cleaning operations that you want.

Intuitive console

Easy to use, it doesn't require any training. It also has an integrated hour-usage counter.

Swappable lithium battery

13 Ah lithium battery, with charge indicator. Easily interchangeable with a second charged unit to guarantee infinite work cycles (24/7).

Smart steering

Removing the hands from the handle, the machine remains upright and automatically enters the stand-by mode.

Inspectable recovery tank

The dirty water tank can be opened to be washed and inspected.

360° use flexibility

Fully 360° rotatable steering guarantees an impressive manoeuvrability especially for the areas difficult to reach.

Transfer wheels

Using the rear wheels WILLMOP 35 can be moved from room to room without the need to lift.

Water refill

Tanks are easily removable; the transparent water tank can be filled with a convenient refill hose.

Scrub and dry

The squeegee is electrically lifted for activities that don't require drying.

Scrubbing pressure

The unit cleans with 18 kg of constant pressure on the floor, regardless of the handle position.

Bumpers

It is protected by 4 bumper wheels that allow you to clean along the wall without leaving marks.

Overcome any obstacles.

Moving freely and easily along with your professional cleaning machine is possible.

With the WILLMOP 35 you clean without having to stop if you find stairs on your way, as it can easily be picked up.

The handle at the base allows to comfortably and safely, carry your professional scrubber-dryer from one floor to another without limitations.

High power in a compact design.

WILLMOP 35 features two high revolutions brush motors, and optimal floor pressure, providing powerful scrubbing and a high level of cleaning.

Its small footprint allows you to reach all those areas difficult to reach, such as corners and flush with the wall, while bumper wheels protect your furniture at any time.

Agility is in its DNA.

The WILLMOP 35's innovative elastic joint allows an unlimited 360° range of motion, giving you the freedom to work with one or both hands as you prefer, providing ergonomics and a lightweight feel to your arms during use.

The steering of the WILLMOP 35 reaches an inclination of up to 36° from the ground, making it possible to reach areas you did not imagine possible: under tables, between chairs, low-height furniture.

Total control at your fingertips.

WILLMOP 35 features dedicated working functions for all cleaning requirements. You can also adjust the cleaning power according to the floor conditions.

The squeegee has a smart system that automatically responds by raising or lowering depending on the cleaning functionality that has been selected. With WILLMOP 35 you can clean quickly and comfortably with complete peace of mind.

Eco-friendly attitude.

Working with the WILLMOP 35 means cleaning with an eco-friendly apparatus. Water and chemical consumption, as well as the noise levels are kept at bare minimum.

The WILLMOP 35 engages the stand-by mode if the operator removes the hands from the handle, and automatically switches off completely if left in stand-by mode for too long, saving valuable battery autonomy for when you really need it.

Hygiene and safety made easy.

WILLMOP 35 reaches a level of hygiene that exponentially exceeds that of the traditional mops.

Do not worry about the dirty water tank when it fills up, since there is a detection sensor that automatically switches off both the suction and the machine completely, warning the operator with the blinking lights when it's time to empty.

When a break is needed and you have to leave the machine, it is not necessary to park the WILLMOP 35, as the steering-column remains upright without falling to the ground, anyway.

WHAT'S THE WILLMOP?

A solution that goes beyond your highest expectations.

We thought of a solution that overcomes mobility barriers in narrow spaces, that are limiting for larger scrubber-dryers. This was the beginning of the vertical cleaning concept named WILLMOP.

WILLMOP encompasses lightness, speed, flexibility, ergonomics and intuitiveness for its users, leaving behind the inconveniences of the obsolete mops.

The 35 and 50 models features different capacities and sizes for any application - capable of fast and deep cleaning, even in the tightest corner.

Benefits VS the mop

Eliminates bacteria, preventing the transmission of diseases and reducing the symptoms of allergies and asthma.

Take care of the amount of water during use.

Improves productivity and reduces operator work and downtime.

Reduces the use of disinfectants and chemical products.

Optimize resources and working hours.

DISCOVER THE OTHER MODELS OF THE TOOLS RANGE

WILLSTEP 35

By adding the WILLSTEP 35 to your WILLMOP 35 easily enables transfers to various operating environments, without stairs being a problem.

WILLGO

It allows the easy transport of your WILLMOP 35 and the cleaning accessories you need are always kept close at hand.

WILLCARRY LIGHT

Thanks to the perfect integration with the support of WILLMOP 35, the service cart is a complete cleaning kit that guarantees highperformance and efficiency during the activity.
