Washing conditions

Guidelines for proper fibre maintenance

Follow the washing instructions (temperatures and dosage) on the laundry detergent packaging
Perform a pre-wash in cold water without laundry detergent to remove any residual product used during cleaning operations

Recommended use of professional textile laundry detergent

Do not use fabric softener

Do not use laundry detergents with Ph > 11

The use of laundry nets is recommended to speed up and make laundry operations more hygienic

Specific mop instructions

Washing temperature max 60° C

Bleaching possible, do not use chlorine

Do not tumble dry or in a dryer
