## Facial Tissues

Certifications and technology

Thanks to their exclusive formula, i.e. their temporary wet strength, Dissolve Tech facial tissues do not clog pipes if thrown accidentally in the toilet, differently from other products present on the market. This reduces extraordinary maintenance interventions and the need for chemical additives harmful to health and to the environment. The softness of the paper makes Dissolve Tech facial tissue perfect for the most sensitive skin and also represents a valid ally for those establishments that focus on the wellness of their guests.
